LEARN MORE ABOUT WYLDLIFE, COMING THIS FALL.

High School kids at Windham and all over southern Maine have been personally impacted by their involvement in Young Life. Young Life provides kids with:

- Positive and life-giving ways to spend time with fun, safe programs.
- Caring adult role models: trained, screened and background-checked volunteers who genuinely care about kids.
- The opportunity to hear the basics of faith in Christ in their terms and on their terms.

In response to the impact, there is a growing interest in Wyld Life, a Young-Life based middle school outreach. **Join us on Tuesday, June 19 - the last day of school at WMS - at Dundee Park for a summer party.** Get a taste of Wyld Life, coming this fall, and the opportunity to meet staff and volunteers. There will be burgers, dogs and refreshments, and plenty of space on the grill for any special dietary needs.

All middle school students or students entering middle school are welcome, along with their families. Please RSVP on Facebook so we have enough food!
